- ☐ Rechargeable lithium-ion battery (D-LI78)
- ☐ Battery charger (D-BC78)
- ☐ AC plug cord
- ☐ PC Connection Manual
- ☒ Quick Guide (this guide)
- ☐ Operating Manual

Names of Parts and Monitor Indicators

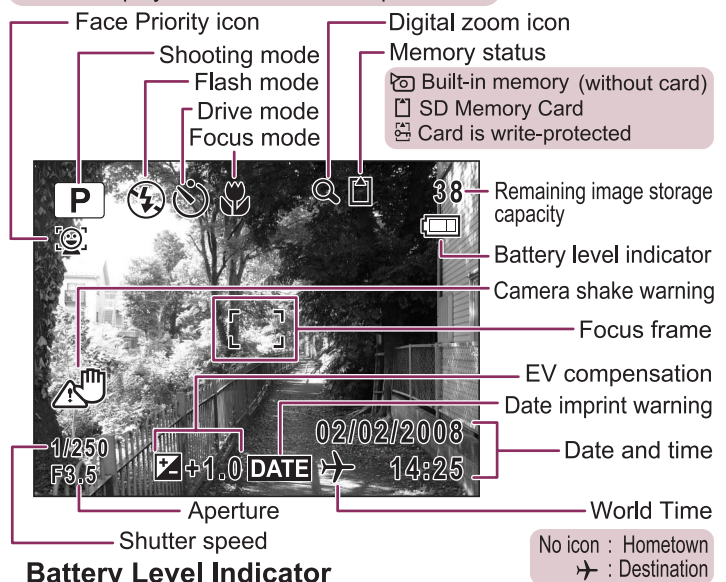

In this Quick Guide, the arrow keys to be pressed are expressed as indicated on the right.

Monitor Indicators

Following indicators are displayed in the Still Picture Capture Mode.

Normal display in the Still Picture Capture Mode

Battery Level Indicator

You can check the battery level by the indicator on the display.

Screen Display	Battery Status
(green)	Adequate power remains.
(green)	Battery is running low.
(yellow)	Battery is running very low.
(red)	Battery is exhausted.
[Battery depleted]	The camera will turn off after this message appears.

1 Preparing the Camera for Use

Prepare your camera for use before you begin using it.

Attaching the Strap

Attach the strap supplied with the camera as shown in the illustration.

Installing the Battery and SD Memory Card

Install the battery and SD Memory Card as shown in the illustration.

* The SD Memory Card is sold separately.

Before using the battery

Charge the battery before using it in the camera for the first time. For instructions on how to charge the battery, refer to the Operating Manual (p.22).

2 Turning the Camera On

Press the power switch.

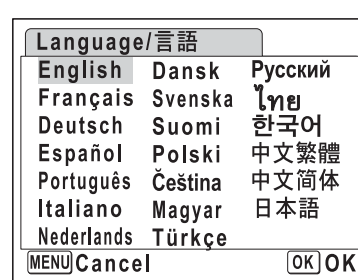

The camera turns on and is ready to take still pictures. Press the power switch again to turn the camera off.

Setting the Language, Date and Time

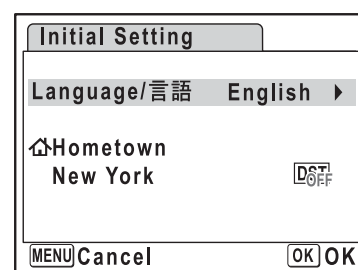

The language selection screen appears when the camera is turned on for the first time. Select the desired language and then set the date and time.

- Use the four-way controller (▲▼◀▶) to select the desired language.
- Press the OK button.

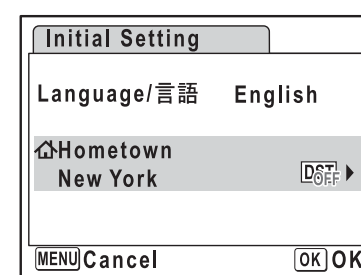

Memo

If you accidentally select another language, press the four-way controller (▶), use the four-way controller (▲▼◀▶) to select the language, and then press the OK button. The Initial Setting screen appears in the selected language.

- Press the four-way controller (▼) to move the frame to [Hometown].

- Press the four-way controller (▶) to display the Hometown screen.
- Use the four-way controller (◀▶) to choose the city.
- Press the four-way controller (▼) to move the frame to [DST] (Daylight Saving Time).
- Use the four-way controller (◀▶) to select ☒ (On) or ☐ (Off).
- Press the OK button to display the Initial Setting screen.
- Use the four-way controller (▲▼) to select [Date Style].

- Press the four-way controller (▶) to select [mm/dd/yy], then use the four-way controller (▲▼) to choose the date display style.

- Press the four-way controller (▶) to select [24h], then use the four-way controller (▲▼) to select [24h] (24-hour display) or [12h] (12-hour display).
- Press the four-way controller (▶), then press the four-way controller (▼) to move the frame to [Date].
- Press the four-way controller (▶) to select [01] (month), [01] (day) or [2008] (year), then use the four-way controller (▲▼) to set the date to the current day.
- Press the four-way controller (▶), then press the four-way controller (▼) to move the frame to [Time].
- Set the time in the same manner as in 14.
- Press the OK button.

Formatting an SD Memory Card

Use this camera to format (initialize) an SD Memory Card that is unused or has been used on another camera or digital device. Be aware that formatting will delete all the data stored in the SD Memory Card. For how to format an SD Memory Card, refer to the Operating Manual (p. 162).

3 Taking Pictures

Aim the camera at the subject, then press the shutter release button. The flash discharges automatically depending on the brightness.

- 1 Frame the subject using the focus frame on the display.
- 2 Use the Zoom/⏏/⏏ button to change the captured area.

- 3 Press the shutter release button halfway.
The focus frame on the display turns green if the subject is in focus.

- 4 Press the shutter release button fully.

The picture is taken.
